In the Bexing Contest with McPariland, Who Made a Good Showing:

NEW YORK, Feb. 8.—The twenty-five round bout between the light weight champion, George (Kid) Lavigne, of

round bout between the light weight champion, George (Kid) Lavigne, of Saginaw, Mich., and "Kid" McPartiand, of this city, which was brought off to night at the Broadway Athela-Ciub, resulted in favor of the former.

That McPartiand could last the limit in face of such a rapple fighter as Lavigue was never dreamed of by the most sanguine of his triends. But he did it and his stock has gone up wonderfully. These two boys met for the light weight championship at 183 pounds.

Lavinge, of course, was the favorite, but a great many bets were lost and won as to the direction of the bout. Many people thought that the New Yorker would not stand ten-rounds, while others placed heir hope, in his being able to withstand Lavigne's rushes for fifteen rounds, but outside of his backer and manager, Jack Dougherty and a few very closs friends, none could be found who would venture a bet on his going the limit. From the beginning of the bout McPartland was kept on the defensive, and he held it all through. Lavinge seemed pussled at times at McPartland's clever dodging and ducking, and as he afterwards exclaimed. "Mac's a clever one, but he's so awkward that it is hard to get to him."

CARSON GETS THE FIGHT.

Fitsimmons and Corbett will Surely Bat-

tie in that City.

CARSON CITY, Nev., Feb. 8.—Dan
Stuart will not be here until to-morrow, but it can be stated that the Corbett-Firzsimmons fight will take place in this city, the information having been given the Associated Press by a man who has authority to speak. Aiready who has authority to speak. Already telegrams engaging hotel and bearding house rooms have been received. Accommodations will be provided for 5,000, who are expected from east of the Rocky mountains, as well as a larger number looked for from the Pacific coast states. The railroads and telegraph companies have begun operations to bring the crowds, and to handle the press dispatches. Work on the paylion where the fight is to take place will be commenced as soon as Stuart arrives and designates the location. A dispatch was received from Chicago this morning engaging a block of one thousand seats for the Siler-Hogan special, which will bring not only the Chicago crowd, but a good part of the eastern contingent. When the fact became leaves that the fight was to bein Carsand seats for the Siler-Hogant special, which will bring not only the Chicago crowd, but a good part of the eastern contingent. When the fact became known that the fight was to be in Carson, the people were much pleased, as they expect the visitors will feave behind a large sum of money in the agreeaue, which will greatly benefit the city.

Views on the Fight.

John L. Sullivan picks Corbett to win the Nevada fight. He concedes Pitzsimmons's ability, but thinks that he will be outclassed by Curbert. John L has an idea that it will be a long fight and that the contestants will consume several rounds in drawing each other out.

casume several rounds in drawing each other out.

Tom Sharkey wires from Frisco that Corbett is the more shifty fellow; that he outclasses Fitzammons, and, in lood condition is sure to with.

Steve O'Donnell is doubtful. Corbett, being the heavier man, should have an advantage; but, O'Donnell Says, Fitzammons made a better showing agalast Sharkey than Corbett did, and he may win out. O'Donnell, however, las not picked the winner yet.

Peter Maher favors Corbett, but says that he will have to be very cautious, as there is no telling what. Fitzsimmons may do in a pinch.

Jack McAuliffe believes that Fitzsimmons will win the fight in a walk. He saw Corbett fight Sullivan, and unless he is in better trim than he was on that occasion, his colors, McAuliffe says, are likely to be hauled down.

STILL UNSETTLED.

The Base Ball Situation Still Cloudy in Uncertainty.
The local base ball situation is still

clouded in uncertainty. Messra. Coyle and Herrington were to have been here yesterday, but they failed to put in an appearance. It is hoped there will be a solution of the grounds question imme-diately. The other clubs are organized

diately. The other clubs are organized and some particularly, Toledo, New Castle and Youngstown, practically have neit teams made up.

Las evening's Pittsburgh News has the following, from which it would appear that Coyle and Herrington have not yet secured the Wheeling franchise?

This week will see the completion of the circuit of the Inter-state league. President Power stated this morning that the work was slow, because they were anxious to avoid making any mistakes. He is not prepared to say as yet what city will represent the eighth club, but says be has enough good materful to select from to make the league strong when the city shall be decided on. Early this week the question as to which of the many contending parties shall get the Waseling franchise will also be settled. Coyle, one of the new men who is after the franchise, will consult with Wheeling parties to-day as to grounds, and if his blans to through he will be in a position. Coyle, one of the new men who is after the franches, will consult wish Wheeling parties to-day as to grounds, and if his plans so through he will be in a position to place a club there shortly. This means that Delaplaine, who run the Wheeling club last year, is 40 be completely frozen out. This Delaplaine says as will not submit to, and the Prospect of Wheeling having rival clubs dooms up. So far the Inter-state league and Coyle have ignored Delaplaine in the efforts they have been making to locate a club in Wheeling, and to say he does not relief it is putting it very midlay. It is not known to what league Delaplaine could possibly attach himself, nor do the Interstate officials care. They say that as they have the protection of the National league there is not the remotest chance of any other league breaking, in on its bentiory and remaining there for any length of time. Having paid for protection they are bound to get it. Wheeling is named as one of the cities belonging to the Inter-state lengue in the Articles of protection.

These things are serious, but they can be cured—sometimes quickly and easily—sometimes slowly, but always surely by Dr. Pierce's Favorite Prescription.

A DANGEROUS INTRUDER.

For Oil Territory in West Virginia. To be Sternly disappled With and Prominent Ment in it.

PARKERSBURG, W. Va., Feb. 8.—The "Once more in the clutches of my old enemy, the grip," you say some morning "Once more in the clutches of my oldenemy, the grip," you say some morning
when you wake up coughing and sneesing. Your eyes are watery, your head
feels as if some force inside of it were
bent on splitting it as a charge of gunpowder splits a rock. Every muscle is
stiff and sore. Your very bones ache.
Oh, we all know the symptoms of the
grip. A steady draught through an
open door, a pair of wet feet left undried
too long, or a short walk in the cutting
air without an overcoat, and the mischief is done.
How shall it be undone? Evidently
there is only one remedy. The blood
must move more briskly on its way, so
as to warm the tissues near the skin,
and at the same time releve from congestion the slurgish organs lying deep
in the body.
And what will accomplish this? Answer: Only a pure stimulant to stir,
stimulate and rouse the powers and
throw the intruding grip out of the system. Nature must be assisted. The
only known pure medicinal stimulant is
Duffy's pure malt whiskey. "A stitch
in time saves nine," is an adage that
would never have grown s old if it did
not embody an imperishable truth. Remember this ancient saying and take
Duffy's pure malt whiskey at the first
chilly symptom that the grip is near.
